

## LAKESWOOD-TRUMBULL YMCA 2016 Teepee Bus Information

Please remember to register early, as space is limited on all camp buses... We cannot guarantee you will get the bus you require. Upon registration, please state transportation needed. In the event of over-crowding on a particular bus, you may be asked to choose an alternate bus and bus stop. Selection is first-come first-serve. **THERE WILL BE NO CHANGES AFTER A BUS IS FULL.** Please contact the camp with any problems concerning your child's bus. Our drivers try to maintain our schedules but delays due to traffic and construction may still occur. Please be patient if there is a delay in the arrival of the bus.

Advance written notice is required for any change in transportation to and from camp (i.e. arriving late or early or leaving with someone other than a parent/guardian by car.) If you bring your child to camp late or are picking him/her up before the end of the camp day, you must sign in at the barn.

Be at your appropriate bus stop 5 to 10 minutes prior to pick-up/drop-off time.

Our first concern is the safety of your child. All children will follow our bus safety rules.

- Tell your child not to get off the bus if he/she does not see you.
- Send in a note when there is a change in transportation plans.
- Make sure your child understands your transportation arrangements.
- Instruct your child about strangers and safety issues.
- Adults other than staff are not allowed on the bus.
