I understand that the Central Connecticut Coast Young Men's Christian Association, Inc. (the "Parent Company") and all of its branches are a charitable organization that makes its programs and facilities available to persons only on the condition that they agree to assume full responsibility for injury and damage. Therefore in exchange for acceptance of the child in the YMCA programs, I release, on behalf of the child, myself and members of the child's family, the YMCA, the Parent Company, and officers, directors, employees and volunteers from all claims of damage or loss to the child's property and claims of personal injury or property damage caused to others by the child, including injury or damage to YMCA property or personnel.
I understand the financial requirements, registration, payment obligations and deadlines as outlined in the Summer Camp Brochure.
I have read the above and agree to the terms and conditions.

CENTRAL CONNECTICUT COAST YMCA
CONFIDENTIAL
FINANCIAL ASSISTANCE APPLICATION

The Central Connecticut Coast YMCA offers financial assistance for programs to qualified members. We are community based and believe that our programs should be available to everyone and that no one should be turned away because of their inability to pay. Our Financial Assistance Program is made possible because caring people and businesses in our communities fund the program through our Annual Campaign. Financial Assistance is available on a sliding scale that is based on family size and household income.

It's easy to apply:

1. Please circle all programs for which you would like financial assistance.
2. Complete both sides of the application, including name and contact details, household members, and itemized income information. Please include any registration materials for the program(s) for which you are requesting financial assistance.
3. Child Care and Summer Camp applicants must also complete the CT Department of Social Services Care-4-Kids application in order for this application to be processed or reviewed.
4. A copy of your most recent Internal Revenue Service tax statement (tax return) and the last three pay stubs of all working adults must be included to process the application. Your SSI Allocation statement, DSS budget worksheet and any unemployment documents (if applicable) must also be included. Include any other documentation that supports your current income. (This information will be held confidential).
5. If you need assistance completing the application, please work with our Member Service Team.

Health Assessment Record

To Parent or Guardian:

In order to provide the best educational experience, school personnel must understand your child's health needs. This form requests information from you (Part I) which will also be helpful to the health care provider when he or she completes the medical evaluation (Part II).

State law requires complete primary immunizations and a health assessment by a legally qualified practitioner of medicine, an advanced practice registered nurse or registered nurse, a physician assistant or the school medical advisor prior to school entrance in Connecticut (C.G.S. Secs. 10-204a and 10-206). An immunization update and additional health assessments are required in the 6th or 7th grade and in the 9th or 10th grade. Specific grade level will be determined by the local board of education. This form may also be used for health assessments required every year for students participating on sports teams.

PARENT & ATHLETE CONCUSSION INFORMATION SHEET

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious.

WHAT ARE THE SIGNS AND SYMPTOMS OF CONCUSSION?

Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury.

If an athlete reports one or more symptoms of concussion after a bump, blow, or jolt to the head or body, s/he should be kept out of play the day of the injury. The athlete should only return to play with permission from a health care professional experienced in evaluating for concussion.

DID YOU KNOW?

- Most concussions occur without loss of consciousness.
- Athletes who have, at any point in their lives, had a concussion have an increased risk for another concussion.
- Young children and teens are more likely to get a concussion and take longer to recover than adults.

SYMPTOMS REPORTED BY ATHLETE:

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Just not "feeling right" or is "feeling down"

SIGNS OBSERVED BY COACHING STAFF:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows mood, behavior, or personality changes
- Can't recall events prior to hit or fall
- Can't recall events after hit or fall

CONCUSSION DANGER SIGNS

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. An athlete should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be awakened
- A headache that gets worse
- Weakness, numbness, or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people or places
- Becomes increasingly confused, restless, or agitated
- Has unusual behavior
- Loses consciousness (even a brief loss of consciousness should be taken seriously)

WHAT SHOULD YOU DO IF YOU THINK YOUR ATHLETE HAS A CONCUSSION?

1. If you suspect that an athlete has a concussion, remove the athlete from play and seek medical attention. Do not try to judge the severity of the injury yourself. Keep the athlete out of play the day of the injury and until a health care professional, experienced in evaluating for concussion, says s/he is symptom-free and it's OK to return to play.

2. Rest is key to helping an athlete recover from a concussion. Exercising or activities that involve a lot of concentration, such as studying, working on the computer, and playing video games, may cause concussion symptoms to reappear or get worse. After a concussion, returning to sports and school is a gradual process that should be carefully managed and monitored by a health care professional.

3. Remember: Concussions affect people differently. While most athletes with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer.

WHY SHOULD AN ATHLETE REPORT THEIR SYMPTOMS?

If an athlete has a concussion, his/her brain needs time to heal. While an athlete's brain is still healing, s/he is much more likely to have another concussion. Repeat concussions can increase the time it takes to recover. In rare cases, repeat concussions in young athletes can result in brain swelling or permanent damage to their brain. They can even be fatal.
